

Forsys Builds Integration Solution for Oracle Planning Central Cloud, Increases Data Accuracy to 99%

INSIGHT

The customer is a renowned manufacturer of coolers, ice chests, and 500+ products that are vital for outdoor activities. The manufacturing company wanted to replace its Value Chain Planning with Oracle Cloud and automatically pull the master and transactional data from EBS and load them into Oracle Cloud (Planning Central).

The customer collaborated with Forsys for an automated integration platform and witnessed data accuracy increase to 99% and manual efforts decrease by 80%.

BUSINESS CHALLENGE

The key business challenges for the customer were:

- ✓ They were reaching the end of support of existing on-premise Oracle Value Chain Planning (VCP) that was in use for Planning Central and has decided to replace VCP with Oracle Cloud.
- ✓ They needed a seamless, cost-effective, and automated integration solution to load the Sales Manager Forecast files from Sharepoint and data from EBS into Oracle Cloud.
- ✓ There was a need to load plan data into Oracle Cloud for reporting.

TRANSFORMATION JOURNEY

Forsys proposed and built a solution using FloData Integration platform. The solution included the workflows to:

- Get the data from EBS using SQL queries, Sharepoint connector, and Concurrent program submissions.
- Zip the csv files and load them into the cloud by using API calls and Rest API calls.
- Get the Data from Planning Central after plan by using BIP reports and inserting into EBS stage tables for reporting.

BUSINESS IMPACT

Forsys' solution helped the customer to successfully:

Streamline the data integration between Oracle EBS to Oracle Planning Central cloud.

Reduce 80% manual efforts.

Improve data accuracy to 99%.

Simplified the Sales Manager forecast files from Sharepoint to Cloud.

Publishing the dashboard reports with user friendly format.

ABOUT THE CLIENT

The client, headquartered in Katy, Texas, manufactures ice chests, drink containers, and supporting accessories. The client also manufactures coolers and offers 500+ products that are essential for road trips, summer vacations, camping, and outdoor activities.
